LUMA POLISH - 511

SPECIFICATIONS

USAGE:

LUMA POLISH - 511 is a heavy duty acid detergent formulated specifically for aluminum and polished aluminum surfaces. It is an excellent cleaner for stainless steel and will not harm glass. LUMA POLISH 511 is a readily biodegradable blend of acids, surfactants, solvents and acid inhibitors. Our unique acid inhibitor package helps prevent 511 from attacking the metal surface. LUMA POLISH 511 helps restore polished aluminum to its original shine. LUMA POLISH 511 will not change the aluminum appearance as an aluminum brightener does. Does NOT contain any fluorides. Superb detergent and weld smut remover on brand new metal surfaces. Highly concentrated with over 22% actives. Our exclusive package of cleaning agents makes it economical to use.

LUMA POLISH 511 will also remove hardness scale and rust.

This product cannot be shipped UPS.

COMPETITIVE PRICE

- 1. Cleans and removes heavy deposit of soil and aluminum oxidation on aluminum, stainless steel and polished aluminum 22% actives.*
- 2. Economical per gallon cost.*
