

TECHNICAL DATA SHEET

APW PRO WHITE 531L

APW Pro White_{531L} is an alkaline, fully biodegradable parts washer/all purpose detergent. APW Pro White_{531L} is made specifically for use in automatic parts washers and soak tank applications. APW Pro White_{531L} contains a heavy duty de-foamer package to eliminate foaming and contains no chelating agents. Works well in cleaning steel, brass, aluminum iron, plastics and painted surfaces. APW Pro White_{531L} works extremely well as an industrial floor cleaner through floor scrubbers. APW Pro White_{531L} contains a multi-metal rust and corrosion inhibitor package. This synergistic blend of ingredients protect virtually all metals except galvanized. An invisible anti-corrosion shield gives months of indoor corrosion protections when used in a non-rinsing automatic parts washer.
