TECHNICAL DATA SHEET

GRAFFITI ERADICATOR 248

Graffiti Eradicator²⁴⁸ is a high alkaline cleaner with a proprietary blend of penetrating agents that will remove the most difficult of graffiti markings from masonry surfaces. Contains no acids, phosphates, methylene chloride, or carcinogens. Graffiti Eradicator²⁴⁸ completely removes graffiti markings caused by aerosol latex or enamel spray paints, as well as acrylics and traffic line coatings. Penetrates to soften unsightly graffiti which may then be easily removed with a hot or cold pressure washer. Perfect for use by public works, school systems, mass transit authorities, park and rec departments, and many others.

Product Highlights

- ◆ Fully biodegradable. Corrosive Label, Non-Flammable.
- ◆ Do not use on Lexan or plastics including vinyl.
- ◆ Economical per gallon cost.
- ◆ Effective in hard or soft water.
- ◆ Do not use on aluminum or painted metal.
- ◆ Applications include: Masonry walls, floors, brick, cinder block, concrete, granite, marble, slate, and more.
- ◆ Does not carry ingredients that attack the earth's ozone, or contribute to smog.

Physical Description

- ◆ pH 5% Solution = 11.8
- ◆ Freeze / thaw stable
- ◆ Specific Gravity = 1.17
- ◆ Active Ingredients = 31% Actives
- ◆ Hard Water = Softens and is soluble
- ◆ Flash Point = > 212° F.
- ◆ Color = Dark Amber
- ◆ USDA Letter of Guarantee - Available
- ◆ VOC = 1 gram per liter
- ◆ Shelf Life = 2 years

Application Directions:

Apply full strength using a low pressure sprayer or brush or roller. Allow to remain on the surface for up to 5 to 15 minutes. Rinse off with a hot or cold pressure washer.

Always pre-test in small area.

1 gal covers up to 400 sq ft depending on porosity of the surface.

Available in

4x1 Gal Case ◆ 5 Gal Pail ◆ 55 Gal Drum
